

VIRTUAL QUEUES & BOOKINGS

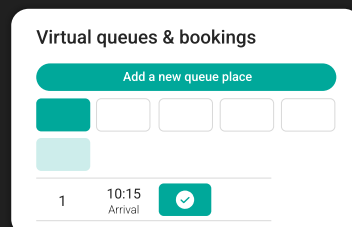

To efficiency. And beyond.

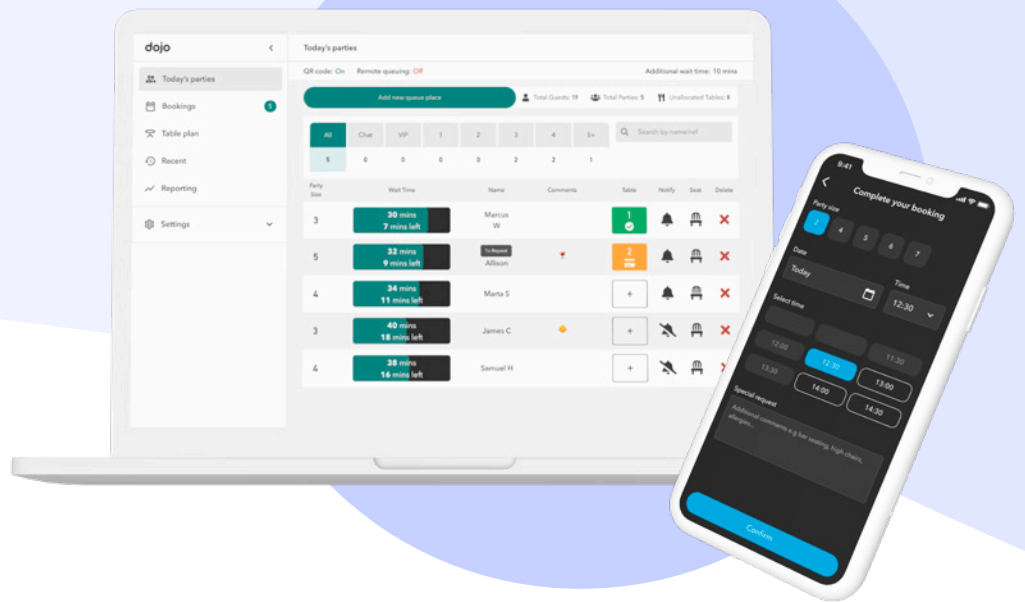

Maximise efficiency and minimise no-shows from one streamlined system.

Dial up your efficiency to 100 with virtual queues & bookings – the all-in-one system that gives your staff the power to run your restaurant like clockwork.

Seamlessly manage your restaurant flow and maximise your space – so you have more time for that top-notch table service.

Now you can experience real efficiency. And beyond.

Virtual queue & bookings. Real benefits in one streamlined system.

VIRTUAL QUEUING MADE EASY

Manage your peak-time demand.

Ditch the peak-time chaos once and for all. From app users to walk-ins, your customers can join the queue virtually and get a text when their table is ready.

INTEGRATED BOOKING SYSTEM

Pack your place out.

Sooo over overbooking? Fill up your tables without losing track – with customisable booking emails that let your customers edit, cancel or contact you with ease.

PROMOTE EXCLUSIVE OFFERS

Switch on your off-peak.

Keep the customers coming with exclusive restaurant offers you can promote to thousands of hungry diners. Time to switch your off-peak on.

WALK-IN DATA

Get to know your customers.

From local lunch buffs to the avo-on-toast enthusiasts, use walk-in data to personalise dining experiences and plan your table layout to meet their needs.

Enjoy a monthly rolling contract with virtual
queues & bookings, with your first 30 days free.
