

INTEGRATED PAYMENTS

Taking payments at the Table.

Faster. Safer. Simpler. Integrated payments is perfect for busy businesses that don't need any holdups.

It connects your card machine to your EPOS in the cloud, so you don't have to key in the payment twice. That means taking payment, splitting the bill and adding gratuities can all be done at the table.

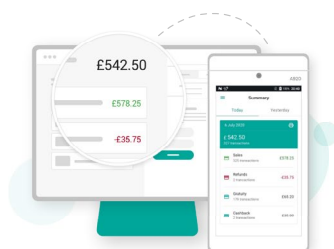

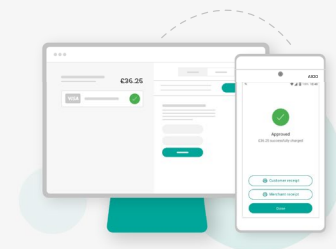

Serve customers faster.

With your card machine and EPOS working in perfect harmony, there's no need to enter payment amounts twice.
